

THE CATHOLIC PARLIAMENTARY LIAISON OFFICE, PROJECT 90 BY 2030 and YOUTH@SAIIA cordially invite you to participate in a roundtable discussion on:

South Africa's International Obligations: The Domestication of the Paris Agreement

Background:

The 22nd of April 2016, saw South Africa sign the Paris Agreement. The next step South Africa has to take is the ratification of the agreement. The instrument of ratification will have to communicate South Africa's consent to be bound by the Paris Agreement and show steps that South Africa has taken to domesticate the agreement.

A transparent process is important. Join us for a discussion with representatives from business, civil society and youth on the 19th July 2016.
