

## THE CATHOLIC PARLIAMENTARY LIAISON OFFICE

cordially invites you to participate in a Roundtable Discussion on

### ***The Quest for a Decent Standard of Living***

*According to the latest data released by Statistics South Africa, the levels of poverty has risen in 2015 - 30.4 million of South Africa's 55 million citizens in 2015 lived in poverty. This is significantly higher than in 2011. Millions live below the upper poverty line of R992 per person per month. One in three South Africans live on less than R797 per month. What are the things that one would require to live a decent standard of living in South Africa? What interventions are needed to ensure every South African has a decent standard of living?*
