

THE CATHOLIC PARLIAMENTARY LIAISON OFFICE

Cordially invites you to participate in a Roundtable Discussion on

Appropriate Technologies and Sustainable Development

For centuries, industrial revolutions have helped shape and develop societies around the world; resulting in the many developmental benefits and challenges we encounter presently. As South Africa joins the rest of the world in the rapid rise of the Fourth Industrial Revolution; it is important to emphasise the need to adjust techniques/approaches, in ensuring that innovation addresses local developmental challenges which are unique and complex, while responding to the global environmental dilemmas such as climate change.

- Speakers: Ms Tanaka Shumba Project Coordinator, Sustainable Energy Africa
Mr David Hees Solar Utility Manager, Ishack Project
