

THE CATHOLIC PARLIAMENTARY LIAISON OFFICE

Cordially invites you to join us for a hybrid discussion on:

Climate Finance for a Just Transition

South Africa's transition to low carbon based economic activities will require investment and buy-in from stakeholders across society, to ensure that no one is left behind. An inclusive approach, which takes into consideration both the environmental and socio-economic issues that are specific to South Africa will be critical to help unlock the full finance potential & support for a just transition. This roundtable looks at the financial needs and gaps for a just transition, some of the finance resources available for South Africa to finance a just transition, and the opportunities available for South Africa to finance a just transition.

We will hear inputs from panellists:

Fair Finance Coalition South Africa – Just transition finance: needs and gaps analysis

National Business Initiative – The climate finance accelerator programme and other opportunities: feasibility assessment

Presidential Climate Finance Task Team – South Africa's financial commitments for a just transition: priority areas considerations

Venue: Garden Court Holiday Inn, Nelson Mandela Boulevard, Cape Town

Date: Tuesday, 14th March 2023

Time: 09:30 - 11:00 followed by refreshments
